

## **Statement From Wynn Las Vegas Regarding COVID-19 Precautionary Measures**

March 5, 2020:

Safeguarding the health of our guests and employees is of the highest importance. We are in close contact with the Southern Nevada Health District who is monitoring the situation along with the CDC. We will implement any health directive or protocols they issue.

As a precaution, we have proactively instituted the following measures:

- Installed hand sanitizers in public areas, guest rooms and back-of-house for team members.
- Increased cleaning protocols that include more frequent sanitizing of touch points such as door handles, elevator buttons, handrails, etc.
- Working with a consulting epidemiologist, instituted a hand-sanitizing protocol for all employees.
- Instituted a mandatory stay-at-home policy for any employee who feels unwell.
